

What time is an AM pickup ?/Dropoff ?

Depending on location

AM pickups & dropoffs are normally 10:30 AM ~ 15:00,

PM Pickups & dropoffs are normally 12:00~18:00.

Actual time is influenced by other pickups, drop offs, weather, driving conditions etc. Can request a particular time but without guarantee.

If a specific time is required, a self use truck can be arranged at added expense. (Not common for small volumes).
