IMRE TO DRIVE 12,000KM FROM TOKYO TO HUNGARY IN SUBARU 360

MovingJapan.com, a brand owned by Vancombe K.K to promote its international moving solutions section, announced its sponsorship of Imre Hegedus's drive, Home-to-Home, from Tokyo to Budapest in a 42 year old micro Subaru 360.

The car is 42 years old and only has 360cc, however, it gets a whopping 28km per liter which is better than a Toyota Hybrid Prius. Imre expects to start his journey on July 13th in Tokyo and finally reach Budapest sometime in August. His journey will take him to places such as Komsomolskna Amure, Ulan Ude, Kujbisev, Belgorod and Munkachevo before arriving in Hungary.

You can read Imre's blog at http://www.movingjapan.com/index.php?option=com_content&view=article&id=147&Itemid=263 as he drives through Asia and Europe.

MovingJapan.com wishes Imre the best of luck in his journey!
